COURSE ANNOUNCEMENT

8-Hr. CyberCrime, Identity Theft, and Online Scams 1/20/16 Chico CA

This exciting course provides an overview of how criminals use the internet and computers to commit fraud, theft, and other serious crimes.

Students will leave the course with a better understanding of what to look for when investigating crimes and supervising offenders on probation or parole. Students also will learn how to protect themselves and their friends and family when using technology.

- **Online Fraud**
- **Email Phishing Scams**
- **Tax Fraud**
- **Identity Theft**
- **Credit Card Theft and Fraud.**
- **Social Media as Evidence and Intelligence**
- **Recovering evidence from computers and cell phones**
- **Opting out of the internet for officers (removing personal data such as addresses from the internet)**
- **Tips Tricks and Techniques to keep personal data safe.**
- **How the deep dark web works and how criminals use it to commit crime.**
- **Tor and surfing the web anonymously**
- **Bitcoin and other online virtual currency**
- **Hacking attacks by foreign countries**
- **How the Russian Mob and the Chinese Government infiltrate our computer systems.**
- **The NSA and our national data centers.**
- **Technology for Probation and Parole**
- **Beyond GPS supervision**
- **Identity Theft Monitoring Services and their effectiveness.**

About the Instructor: Erik J. McCauley has been instructing law enforcement for over 25 years. Erik was the lead investigator of Orange County Probation's High Tech Computer Forensics Lab and is president of EJM DIGITAL LLC. Erik has been searching the digital devices of high risk offenders for over a decade and has been recognized on a local, state, and national level for his work in the area of Digital Investigation and high risk offender supervision. Erik has trained over 5000 sworn officers from over 200 local, state and federal agencies in the use of Field Search, and is the most experienced Certified Field Search Instructor (CFSI) in the nation. Erik is a Licensed Private Investigator, Certified Forensic Analyst, and Cyber-Security Consultant.
